

## **Etan Hon Named Product Manager of Turbo Aftermarket Services for Nikkiso Cryogenic Services**

### **FOR IMMEDIATE RELEASE**

**Temecula, CA, August 24, 2021** - Nikkiso Cryogenic Industries' Clean Energy & Industrial Gases Group (Group), a subsidiary of Nikkiso Co., Ltd (Japan), is pleased to announce that Etan Hon has been appointed Product Manager of Turbo Aftermarket Services (AMS) for the Nikkiso Cryogenic Services unit (NCS).

This addition to their management team supports the Group's objectives to further grow their AMS for Turboexpanders. The Turbo All Brands line will also expand to support and service more brands, including ACD, Rotoflow, Atlas Copco, and Cryostar among others.

Etan received a degree in Aerospace engineering from the University of California, San Diego. He started his career by providing oilfield services to customers within the oil & gas industry in Texas working for Schlumberger and Baker Hughes. In 2017, he joined ACD LLC as a Field Service Manager. After the acquisition by Nikkiso in 2019, he transitioned into the role of Service Manager of Turbo AMS for NCS and helped move the ACD Turbo AMS division into a new facility in Irvine, CA. He helped re-develop the standards and processes with the international service centers for the Turbo AMS in Irvine. The new structure has created a successful operating business locally and will ensure proper support to the Turbo AMS team globally.

"The NCS team is excited to have Etan in this new Turbo AMS Product Management role, according to Jim Estes, President of NCS. "His years of experience and focus on customer service has exceeded our expectations. I'm looking forward to his success continuing in this new role."

Nikkiso Cryogenic Services provides service and support globally, including locations in Malaysia, Germany, India, Australia, Taiwan and China as well as six locations in North America.

### **ABOUT CRYOGENIC INDUSTRIES**

Cryogenic Industries, Inc. (now a member of Nikkiso Co., Ltd.) member companies manufacture engineered cryogenic gas processing equipment and small-scale process plants for the liquefied natural gas (LNG), well services and industrial gas industries. Founded over 50 years ago, Cryogenic Industries is the parent company of ACD, Cosmodyne and Cryoquip and a commonly-controlled group of approximately 20 operating entities.
